

DATA SHEET

HURRICANE GUN

FEATURES:

- Amazing confetti blow at more than 20m and Bazooka effect.
- Also suitable for Holi powder.
- Works with CO2 (or Nitrogen for a much powerfull shot).
- No need of electricity.
- Fill the supplied reusable cartridge with your wished confetti or holi powder, and shoot.
- Requires high pressure hose to run.
- The most desired product by DJ's. Ideal on Disco clubs.
- Includes a shoulder strap.

APPLICATION AND CAUTION:

- The HURRICANE GUN machine has been designed to blow confetti at more than 20m. Any other use, different from the written excludes Oh!FX (CONFETTISHOTS SLU) of liability and warranty.
- If you are using the HURRICANE GUN with CO2, use it always in open spaces or indoors with good ventilation.
- Never use it in enclosed spaces without ventilation because the concentration of CO2 can cause suffocation. If you have doubts about the features of the enclosure use a meter to measure CO2 concentration.
- Always use hoses and connections of the high pressure provided by the distributor and duly certified.
- Do not point or fire directly at anyone at less than 4 meters away.
- In case of a leak or malfunction, do not attempt to disassemble the machine and contact the distributor or manufacturer. Any manipulation may exclude the warranty.
- Do not wet the machine. To clean it, use a damp cloth and dry it immediately. Only one adult and qualified person must manipulate the machine.
