#### APPLICATION AND CAUTION:

- The HURRICANE GUN machine has been designed to blow confetti or holi powder. Any other use, different from the written excludes Oh!FX (CONFETTISHOTS SLU) of liability and warranty.
- If you are using the HURRICANE GUN with CO2, use it always in open spaces or indoors with good ventilation. Never use it in closed spaces without ventilation because the concentration of CO2 can cause suffocation. If you have doubts about the features of the enclosure use a meter to measure CO2 concentration.
- Do not point or fire directly at anyone at less than 4 meters away.
- Always keep a safety distance of 3 meters between the/s machine/s and the public.
- In case of a leak or malfunction, do not attempt to disassemble the machine and contact the distributor or manufacturer. Any manipulation may exclude the warranty
- Do not wet the machine. To clean it, use a damp cloth and dry it immediately.
- Use only the consumables intended for that specific use, and duly certified.
- Only one adult and qualified person must manipulate the machine.
